PANCREATIC CANCER
Know it. Fight it. End it. For Me.

Dear Member of Congress,

I am writing today to remind you of why your co-sponsorship of the *Pancreatic Cancer Research & Education Act* (S. 3320/H.R. 745) and your support for increased federal funding for the NCI is so critical to me. I traveled to Washington, DC to meet with you and your staff on June 22, 2010 to ask you for your support for these initiatives. Please let me know if you have acted on my requests, particularly whether you have co-sponsored S. 3320/H.R. 745. If you have already done so, thank you! If you haven't, please let me know what other information you need to make a decision. As your constituent, I believe your support of these initiatives is critical.

Please take a moment to read my story so you will better understand why your support for these initiatives is so important to me.
