

ILSA to rescind otherwise valid contracts for economic reasons, an unintended consequence of the act and its intent. The law now needs a technical fix to distinguish condominium sales from other types of land sales and to recognize the unique conditions under which these units are sold in today's market.

I fully support the consumer protections that were enacted through ILSA, and this proposed legislation does nothing to affect those protections. But I also believe that we need to make distinctions for condominiums in order to allow the condominium development industry to rebound from the recession. The bill would only exempt condominiums from ILSA's registration requirements but will maintain the consumer protections to ensure consumers still have the right to rescind contracts in cases of fraud. Developers would, of course, still be required to comply with state laws that require specific disclosures.

As we recover in this still fragile economy, we want to encourage, not discourage, buyers and sellers to enter into real estate deals responsibly.

That is why this bill is important to ensure development and the return of an important industry in our country, residential condominium sales. I urge my colleagues to support this legislation.

HONORING MONTICELLO MIDDLE SCHOOL

HON. RODNEY DAVIS

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Friday, June 28, 2013

Mr. RODNEY DAVIS of Illinois. Mr. Speaker, I rise today to honor the outstanding achievement of the Monticello Middle School in Monticello, Illinois, a town of 5,500 people located in my district.

Monticello Middle School has been recognized as one of only 103 institutions throughout the country as a School to Watch by the National Forum to Accelerate Middle Grades Reform in 2013.

The National Forum to Accelerate Middle-Grades Reform is an alliance of over 60 educators, researchers, national associations, and officers of professional organizations and foundations.

The Schools to Watch program dates back to 1999 when the Forum selected its first schools.

There are numerous criteria which schools on this distinguished list must meet.

Among them, all students are expected to meet high academic standards, teachers use a variety of methods to assess and monitor student progress, the faculty and master schedule provide time to meet rigorous academic standards, and teachers know what each student has learned and still needs to learn.

This dedication to success is why I am proud to stand up and recognize the Monticello Middle School. Go Sages.

HONORING THE GRADUATION OF JOSHUA OLIN WILLIAMS FROM THE UNITED STATES AIR FORCE ACADEMY

HON. STEVEN M. PALAZZO

OF MISSISSIPPI

IN THE HOUSE OF REPRESENTATIVES

Friday, June 28, 2013

Mr. PALAZZO. Mr. Speaker, I would like to take this opportunity to recognize Mr. Joshua Olin Williams as a member of the United States Air Force Academy Class of 2013.

Joshua graduated from the U.S. Air Force Academy with a degree in English and a minor in Russian, and he received a commission as a Second Lieutenant in the United States Air Force on May 29th.

His career in the service has just begun, but it is a testament to Joshua's unselfish devotion to the people of this great nation. The challenges will be many and the time, although it may seem like an eternity, will fly by almost unnoticed. The challenge for this young man will be to retain as much as possible, pass what he learns to others, and live life for every moment.

South Mississippi is proud of Joshua and his accomplishments, and we look forward to his continuing to represent not only Mississippi, but also the entire nation, as a United States Air Force officer.

As Joshua embarks on a new chapter in life, it is my hope that he may always recall with a deep sense of pride and accomplishment graduating from a program as prestigious as the Air Force Academy. I would like to send Joshua my best wishes for continued success in his future endeavors, thank him for his service, and congratulate him on this momentous occasion.

PANCREATIC CANCER

HON. JOHN LEWIS

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

Friday, June 28, 2013

Mr. LEWIS. Mr. Speaker, I rise today to share my concerns about the future of an essential cancer research program which suffered dreadful cuts from sequestration.

As you know, our country made great strides in overall cancer research efforts, but we must do more. There is a long way yet to go in the pancreatic cancer battle in particular. There is still no way to detect the disease early, or to treat it effectively after diagnosis. Pancreatic cancer is the only major cancer where less than ten percent of those affected live for five years, and this is heartbreaking.

Last year, Congress passed the Recalcitrant Cancer Research Act, a bipartisan bill which I was proud to support. In doing so, we tasked the National Cancer Institute with the responsibility of developing a strategy for fighting pancreatic and other deadly cancers. The Recalcitrant Cancer Research Act will support new research programs and will help find diagnostic tools and more effective treatments for pancreatic cancer and similar diseases.

Unfortunately, Mr. Speaker, none of that progress will be realized without protecting the resources which allow the National Institutes of Health and the National Cancer Institute to

accomplish this law's life-saving goals. With sequestration in effect, the NIH has already lost \$1.55 billion in funding necessary for grant programs and other projects.

Mr. Speaker, I urge my colleagues to protect these resources. We must come together to fight one of our greatest health challenges, and finding a positive, sustainable solution to sequestration. Too many people, too many families are praying and expecting a solution. Sequestration must come to an end. We must come together, and we must end this terrible reality now.

IN HONOR OF MARINO BERTINI

HON. ROBERT E. ANDREWS

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Friday, June 28, 2013

Mr. ANDREWS. Mr. Speaker, I rise today to honor the service of Marino Bertini on his 80th birthday. Mr. Bertini began his career working at the Portsmouth Naval Hospital. After a ten month stint at the hospital, he spent the remainder of his career as a medic aboard the USS Randolph. While in the Navy, Mr. Bertini traversed the globe, visiting Europe, North Africa, Turkey, India, Madagascar, Zanzibar, Cuba, and Hong Kong. Over the course of his service he dealt with a variety of injuries and assisted in saving many lives.

In addition to his service to his country, Mr. Bertini is a loving family man. He married the love of his life, Sylva, and the couple have three wonderful daughters: Lisa, Vanessa, and Sonya. Mr. Bertini has always given them unwavering love, support, and dedication. Mr. Bertini is proud of his Italian heritage, a trait he showcases through his penchant for storytelling and his love of history.

Mr. Speaker, on behalf of the first district of New Jersey, I would like to thank Mr. Bertini for his service and wish him the very best on his 80th birthday. Happy Birthday, Marino.

THE OUTER CONTINENTAL SHELF TRANSBOUNDARY HYDROCARBON AGREEMENTS AUTHORIZATION ACT (HR 1613) AND THE OFFSHORE ENERGY AND JOBS ACT (HR 2231)

HON. CHRIS VAN HOLLEN

OF MARYLAND

IN THE HOUSE OF REPRESENTATIVES

Friday, June 28, 2013

Mr. VAN HOLLEN. Mr. Speaker, while I support the responsible development of our nation's resources, this week's legislation prioritizes drilling over protecting investors, improving rig safety, respecting coastal communities and conducting appropriate environmental review. For these reasons, I will be voting no and encouraging my colleagues do the same.

The Outer Continental Shelf Transboundary Hydrocarbon Agreements Authorization Act (HR 1613) provides specific authorization for the recently negotiated U.S.-Mexico transboundary agreement and establishes standards for all future offshore oil and gas agreements with potential foreign partners like Canada, Russia, the Bahamas and Bermuda. If
